## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 17 October 2008 has been entered.
2. Claims 1-3, 5-12, 15, and 17-20 have been presented for examination.
3. Claims 4, 13, 14, and 16 have been cancelled as per Applicant's amendment.

### ***Response to Arguments***

4. Applicant's arguments, see pages 10-13, filed 17 October 2008, with respect to the prior art rejections have been fully considered and are persuasive. The prior art rejections of claims 1-3, 5-12, 15, and 17-20 have been withdrawn.

### ***Allowable Subject Matter***

5. Claims 1-3, 5-12, 15, and 17-20 are allowed.
6. The following is an examiner's statement of reasons for allowance:

As noted above the Examiner agrees with the Applicant's arguments that the prior art does not teach "generating a first code by performing a hash function on the temporal change information" and "generating a second code by performing a hash function on the received terminal information." The Examiner was also unable to find anything that would render the above mentioned limitations obvious. Therefore, claims 1-3, 5-12, 15, and 17-20 are novel and not obvious.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christian LaForgia whose telephone number is (571)272-3792. The examiner can normally be reached on Monday thru Thursday 7-5.

9. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kambiz Zand can be reached on (571) 272-3811. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

10. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
